

# M.B.A. On-line – Business Administration

## 48-Hour Non-thesis Program

The M.B.A. OnLine Degree Program is offered in cooperation with seven other schools of the University of Texas System. Students in the M.B.A. OnLine Program complete all coursework via the Internet. Course discussion or forums and student work is delivered entirely by electronic means. Taught by leading faculty at the participating institutions, this innovative program is designed to meet the needs of students whose work, geographic location, or other commitments prevent them from participating fully in conventional on-campus courses.

Curriculum for the M.B.A. OnLine Degree program consists of 16 courses, for a total of 48 credit hours. Eighteen credit hours are taken in six "core" courses, which provide the student with the foundation of general business knowledge. Thirty credit hours are taken in ten courses of a General Management M.B.A. curriculum. This Program of Study is not the same as the On-Campus M.B.A. Program. Students should consult the M.B.A. Program Director or the UT Telecampus web site (<http://telecampus.utsystem.edu>) for further information.
